3. That the entire cost incurred by the Corporation under the said contract shall be paid by the Corporation at large.
4. That by-law #1762 and by-law #1763, be and the same, are hereby repealed.

Dated and finally passed this 13th day of April A.D. 1970.

CLERK

MAYOR

This Agreement made in duplicate this 8TH day of DECEMBER A.D. 1971

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO, hereinafter called "the Commission"
OF THE FIRST PART,

— and —

THE CORPORATION OF THE TOWNSHIP OF PELHAM
hereinafter called "the Corporation"
OF THE SECOND PART,

WHEREAS the Corporation has passed By-law No. 31 for entering into a contract with the Commission for the lighting of streets in the Township, and the Commission acting under The Power Commission Act R.S.O. 1960, Chapter 300, and amendments thereto (hereinafter called "the said Act") is willing to enter into a contract with the Corporation for such purposes upon the terms and conditions hereinafter appearing;

NOW THEREFORE THIS AGREEMENT WITNESSETH that for the considerations herein contained the parties hereto covenant and agree as follows:

1. For the purposes of this Agreement, the lighting of any street in the Township and the number of lights on the street may be mutually agreed upon between the Commission and the Corporation from time to time.

2. THE COMMISSION AGREES:

(a) On behalf of the Corporation, to acquire, construct, install, extend, reconstruct, maintain, operate and administer all works necessary for the lighting of any street referred to in clause 1 (which works are hereinafter called "street lighting works"), and the said services agreed to be performed by the Commission shall include the replacement of lamps, unless otherwise agreed upon between the parties from time to time.

(b) To supply all electrical power required for the lighting of streets in the Township under this Agreement.

3. THE CORPORATION AGREES:

(a) To pay to the Commission, by annual payments, all cost of street lighting incurred by the Commission under clauses 2.(a) and 2.(b), which cost shall be determined by the Commission, and without limiting the generality of the foregoing the provisions of Part II of the said Act with respect to the annual payments to be made by any municipality that has entered into a contract with the Commission shall apply to this Agreement, and shall extend to all street lighting works hereunder;

(b) To permit the Commission to occupy and use any streets that are within the Township and under the jurisdiction of the Corporation, to such extent as the Commission deems necessary for the performance of its obligations under this Agreement.

4. The Commission shall, at least annually, determine the amounts payable by the Corporation to the Commission under this Agreement.

5. All amounts payable by the Corporation to the Commission under this Agreement shall be paid in accordance with bills rendered by the Commission from time to time. Every bill shall be paid within the period of thirty (30) days next-following the date of the bill, and in default thereof that payment shall be deemed to be in arrears. All payments in arrears shall bear interest at the rate of five per cent (5%) per annum. If any bill remains unpaid for more than thirty (30) days after the date thereof, or if the Corporation fails to perform any other obligation under this Agreement, the Commission may, without notice and without incurring any liability to the Corporation by so doing, discontinue the supply of electrical power under this Agreement, and shall not be bound to resume such supply until the Corporation shall have paid the said bill, or performed the said obligation, as the case may be. No such discontinuance by the Commission shall relieve the Corporation from the performance of any obligation under this Agreement.

6. Where the Corporation desires street lighting on any street within the Township but not under the jurisdiction of the Corporation, and where a permit is required by law for the installation, maintenance and operation of street lighting works on that street, the Corporation shall, at its own expense, obtain the permit, and this Agreement shall not apply to the street until the permit shall have been issued.

7. If at any time the Commission is prevented from performing any obligation under this Agreement by reason of strike, lockout, riot, fire, hurricane, flood, invasion, explosion, act of God, the Queen's enemies, legal acts of the public authorities or any other cause beyond the Commission's control, then the Commission shall not be required to perform such obligation during such time, but the Corporation shall not be relieved from the performance of any obligation under this Agreement. The Commission will exercise its best endeavours to overcome the cause of prevention as expeditiously as possible.

8. The Commission shall have the right at any time to discontinue the supply of electrical power hereunder to such extent as the Commission may deem necessary for the purpose of safeguarding life or property, or for the purpose of construction, maintenance, operation, replacement or extension of any street lighting works or any works of the Commission for the supply of such power. The Commission will endeavour to limit the duration of such interruptions of power supply so far as it is feasible to do so, and to give the Corporation reasonable notice in advance thereof, but in no event shall the Commission incur any liability to the Corporation in consequence of the interruptions or failure to give notice thereof. No such discontinuance by the Commission shall relieve the Corporation from any obligation under this Agreement.

9. This Agreement shall be in force during the period of five (5) years commencing on the date thereof, and it shall continue in force thereafter from year to year, but it may be terminated at any time after the said period of five (5) years by at least six (6) months' prior notice in writing from either the Commission or the Corporation to the other.

10. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the Commission and the Corporation, respectively.

IN WITNESS WHEREOF the Corporation has caused this Agreement to be executed by the affixing of its Corporate Seal attested by the signatures of its proper officers duly authorized in that behalf and the Commission has caused this Agreement to be executed by the hand and seal of its Area Manager duly authorized in that behalf.
