- 2.4.2 The annual Revitalization Grant will be equivalent to 70% of the increase in municipal (Town and Region) property taxes on the subject lands that result from the development. Revitalization Grant payments will cease on the earlier of:
- a) the date when the total of all annual Revitalization Grant payments equals the total eligible Revitalization Grant Program costs that have been approved by the Town; or,
 - b) 10 years after the date of completion of the rehabilitation of the Lands.

2.4.3 The amount of the Revitalization Grant payments is calculated according to the formulas set out below. Some of the figures set out below are estimates only. The actual Revitalization Grant payment amounts will be based on the actual post-project assessed value (AV) as determined by MPAC:

Estimated Cost of Rehabilitation	\$1, 300, 000.00		
Pre-project AV:	\$154, 000.00		
Municipal Pre-project property taxes: (as shown below)	\$2, 701.43		
Town pre-project property taxes = (Pre-project AV *Town Tax Rate) + Clawback/-Cap + other charges			
Regional pre-project property taxes = (Pre-project AV *Regional Tax Rate) + Clawback/-Cap + other charges			
Municipal pre-project property taxes = Town pre-project property taxes + Regional pre-project property taxes			
Post-project AV (estimated)	\$1, 170, 000.00	Date: July 19, 2016	
Post-project AVE (actual provided by MPAC)	\$	Date:	
Calculation of Estimated Initial Allowance			
"Initial Grant" = (Estimated Municipal post-project property taxes – Municipal pre-project property taxes) *0.70			
Actual "Initial Grant" after property has been revalued by MPAC, a new or supplemental property tax bill has been issued, and property taxes have been paid in full = (Actual Municipal post-project property taxes – Municipal pre-project property taxes) * 0.70			

Grant Calculation Schedule

9	70%	\$20, 516.13		\$14, 361.29
10	70%	\$21, 113.61		\$14, 792.13

2.4.4 The total value of the sum of the annual Revitalization Grant payments that may be provided under the Revitalization Grant Program shall not exceed the total costs of rehabilitation that have been accepted by the Town, which costs are estimated, as of the date of this agreement, at \$1, 300,000.00.

2.4.5 Where the actual costs of rehabilitation are, in the opinion of the Town, less than the estimated costs of rehabilitation (\$1, 300,000.00), the maximum permitted amount of the total annual Revitalization Grant payments shall be reduced.

2.4.6 Where at any time after the original rehabilitation of the subject lands, new construction is added to the subject lands that is not part of the original Program Application, the Revitalization Grant payment will be calculated only in respect of

the original rehabilitation contained in the original application, based on the property taxes levied in the last year before revaluation by MPAC as a result of the new construction added to the subject lands.

2.4.7 The annual Revitalization Grant payment shall be calculated by the Town based upon, and provided the Town is satisfied in its discretion that:

- a) rehabilitation of the property was completed and took place in accordance with the proposed rehabilitation as specified in the Program Application and this Agreement;
- b) there was and remains during each year of the Revitalization Grant payment, an increase in net municipal property taxes as a result of an increase in the assessed value attributable to the completion of the rehabilitation;
- c) annual Revitalization Grant payments after the first Revitalization Grant payment are adjusted downwards in the event the property tax increase in any subsequent year has been reduced.

2.4.8 The estimated Revitalization Grant payments calculated as set out in Paragraph 2.4.3 above in this Agreement are based on preliminary estimates of post-project assessed value and post-project tax rates. Accordingly, the amount of the Revitalization Grant payment shall be re-calculated by the municipality based on actual assessed value as determined by MPAC and actual post-project tax rates prior to payment of the Revitalization Grant.

2.4.9 Revitalization Grant Payment

2.4.9.1 The Town shall review all cost estimates submitted in support of the application in evaluating the estimated costs eligible for the Revitalization Grant, which costs, when designated by the Town shall constitute the maximum amount of the total Revitalization Grant payments to be paid out over a maximum of 10 years. In the event the Town is not satisfied with said cost estimates, the Town may substitute their opinion of such amounts for purposes of calculating the eligible rehabilitation costs for the Revitalization Grant.

2.4.9.2 If the Town is not in receipt of sufficient information satisfactory to the Town to determine rehabilitation costs and the amount of the Revitalization Grant, the application will not be processed and the application file will be closed. The decision of the Town regarding the total amount of rehabilitation costs, the calculation of the total estimated maximum Revitalization Grant and the calculation of the actual Revitalization Grant payments is final, absolute and within the Town's sole discretion.

2.4.9.3 Payment of the Revitalization Grant is subject to the Town's review and satisfaction with all reports and documentation submitted in support of the application, including but not limited to: documentation of the estimated and actual costs of eligible works. Any and all of these costs may be, where required by the Town, subject to verification, third party review or independent audit, at the expense of the Applicant.

2.4.9.4 The Applicant shall not be entitled to a Revitalization Grant unless and until they have met all the conditions of this Agreement to the satisfaction of the Town. Except where expressly stated in this Agreement, all conditions in this Agreement are for the benefit of the Town and may only be waived by the Town. No waiver is effective unless in writing.

2.4.9.5 The total sum value of the annual Revitalization Grant payments that may be provided to the Applicant shall not exceed the total eligible Revitalization Grant Program costs that have been accepted by the Town.

2.4.9.6 Any and all Revitalization Grant payments that have been provided to the Applicant will become payable upon notice in writing from the Town that one

or more of the conditions set out in the application, this Agreement, or the Revitalization Grant Program have not been met.

2.4.9.7

The Revitalization Grant is not payable by the Town until such time as additional assessment eligible for a Revitalization Grant has been added to the assessment roll by MPAC, all taxes eligible for a Revitalization Grant have been billed by the Town, and taxes have been paid in full for at least one year. The Revitalization Grant will not be issued if there is an outstanding tax payment. If at any time after the execution of this Agreement, property taxes are owing on a property for more than one full year, the Town will have the option, upon notice to the Applicant and at its sole discretion, to terminate all future Revitalization Grant payments.

2.4.9.8

The Revitalization Grant is not payable by the Town until such time as all assessment appeals relating to the value of the subject lands before the additional assessment or as to the additional assessment have been filed and finally determined.

2.4.9.9

The Applicant shall not commence any works that are the subject of a Revitalization Grant Application prior to receiving approval of the Revitalization Grant Application and execution of this Agreement.

 - i) any agreement(s) relating to the property in favour of the Town or Region, including any agreement(s) relating to: subdivision(s), modified subdivision(s), service(s), site plan approval(s), encroachment(s), joint sewer & water use(s), easement(s) or other Agreement(s); and,

- g) the Applicant has not appealed the post-project assessed value and there exists no other pending appeal which has not been finally determined in respect of the post-project assessed value;
- h) the property taxes for the year during which property taxes were calculated pursuant the said increased assessment and for each of the preceding years, have been paid in full, have not been

deferred and there are, at the time of payment of the annual Revitalization Grant, no instalments of property taxes for the current year remaining to be paid;

- i) there are no unpaid charges (where applicable) against the subject lands in favour of the Town or the Region, including but not limited to: development charges, park land dedication fees, special assessments, building permit fees and local improvement charges.

- 4.14 If the Applicant is the Owner, the Applicant covenants to the Town that where the Lands for any reason cease to be in the Applicant's name by sale, assignment or otherwise, prior to the advance of the Grants, the Applicant will notify the Town in writing of said pending ownership change at least 30 days prior to the ownership change taking place.
